

Service Sunday Coordinator Volunteer Form

*We are building a list of potential coordinators for our Service Sunday work sites. If you have any handy skills, we'd love to have you! Site coordinators 1) visit the site beforehand, 2) tell us what materials and labor you will need, and 3) manage volunteers the day of the project. You will not be finding your own sites, and you will have the opportunity to accept or decline sites beforehand. Filling out this form does not commit you to anything; it just tells us you're interested. **Return form to the church office.***

Name:

Phone:

What skills do you have to offer? What kind of work would you feel comfortable supervising?

How often would you be interested in serving? (Service Sundays occur 5 times a year.)

Service Request Form

For FUMC Service Sundays

*First Methodist is seeking to add a new dimension to Service Sundays by including service projects for individuals in the community. These could range from yard work to minor home repair and everything in between. We can't promise that all requests will be met, but we will do our best. If this service could benefit you or someone you know, please use this form to let us know. **Return form to the church office by July 25.***

Name: _____

Phone Number: _____

Please describe what service is needed. If you are requesting the service for someone other than yourself, please give their contact information.
